

REFLECTIVE SELF-ADHESIVE TAPE

A premium quality, high grade reflective vinyl, self-adhesive tape, bright by day, brilliant by night. Striped, chequered or plain colours are available.

3M Scotchlite tape is an enclosed lens retro-reflective material.

- **3M** Scotchlite complies to BS 5378:1980 & ISO 3864:1995
- Expected performance life of 3 years when applied and maintained correctly
- Benefits from the same retro-reflective technology and performance as **3M** Scotchlite Engineering Grade sheeting used for road traffic signing
- Plain colours are also available in various widths
